

# About me.

As a mature therapist, with many years experience working with Doctors in aesthetics medicine, I am excited to be in my own clinic. I look forward to helping you make informed choices about your skin and achieve the outcomes you desire in a safe and nurturing environment.

## Products and Services

You can be assured that only the best aesthetics equipment and techniques have been selected and are used at Skin Aesthetics Dermal Clinic.

I proudly stock only Australian owned and produced skincare for retail and for your in-clinic treatments. They are accredited cruelty free and mostly vegan friendly.

## 13 | BBR - PHOTOFACIAL ADVANCED IN-MOTION IPL

The BBR module uses dual filters and precision cooling to create a more advanced targetted and comfortable treatment than IPL. A USA study out of Stanford University found BBLP treatments can result in increased skin elasticity, more ordered and uniform collagen deposition and improvements in fine wrinkles, pigmentation and vascular lesions.

### Benefits

The most popular treatments are for those with UV damage that is, face, neck, back of the hands and chest. BBR has the benefits of:

- Minimal downtime
- Healthier smoother looking skin
- Comfortable treatment
- Reduced pore size
- Improved skin tone
- Reduced redness and flushing
- Minimise lines and wrinkle size

- BBR Photo-Facial from \$225.00

- Vascular, Pigmentation, Skin Rejuvenation and Acne
- X-small \$90.00
- Small \$120.00
- Med \$160.00
- Large \$225.00

- Hair Removal
  - Small \$75.00
  - Med \$120.00
  - Large \$150.00
  - X-L \$220.00
- Packages available.

# Kind words.

★★★★★

Fiona is exceptional at what she does. The time, love and effort she puts into researching each treatment and into each of her clients is the reason she is the only person I will trust with my skin. I am so grateful to have found her and for all the hard work she has put into my skin journey so far. I honestly didn't think my skin could be fixed but she has worked miracles so far with all the support in the world. Could not recommend her enough, Thank you Fiona!

★★★★★

I suffered terrible cystic acne along my chin area which is why I sought out Fiona, since commencing my treatments from day 1 my skin improved, it began with an aquapure facial then I commenced the healing process with skin needling sessions and more just general TLC for my face. Honestly it has never felt better, everyone comments on how much better it is and I don't even feel the need for make up. Fiona has helped me so much I will never be able to thank her enough.

-Bel

## 14 | BODY CONTOURING

### HI-EMT - muscle and fat

- One area 1 handle \$150.00
- One area 2 handles \$175.00
- Package of 6 save \$150 \$840.00
- Two areas \$300.00
- Package of 6 save \$350 \$1450.00

### HI-EMT and Laser Lipo combo

- One area \$1440.00
- Package of 6 save \$360 \$450.00
- Two areas \$2100.00
- Package of 6 save \$600

### What is HI-EMT?

Is a non-invasive, comfortable treatment that contracts the muscles in the treatment area to sculpt and strengthen, for example applying the applicator to the abdominal area for 30mins produces the equivalent of 20,000 crunches. Clinical studies have proven fat loss and muscle toning is achievable within 6-8 treatments.

### What is Laser Lipo?

Laser Lipo is High-energy laser therapy (HILT) is a new type of laser therapy technology, used concurrently with HI-EMT. This treatment reduces cellulite as it induces the body to emulsify fat and eliminate excess fatty materials from the body through the lymphatic system.

Additional benefits from Laser Lipo are:

- promoting blood circulation to localised areas
- relieves muscle and joint pain
- relaxes muscle spasms.
